

## ***A Reason to Smile!***

11/4/17

### *A Reason to Smile!*

More often than you think, animals have to go through surgeries and procedures before they go up for adoption – and a lot of the time, it isn't possible, especially if the animal is at an underfunded municipal shelter.

But this isn't the case with the animals that come through the Metro Animal Shelter! Thanks to the hard work and love of the FAYMAS members across the community and our friends, we're able to raise funds to help with life-saving surgeries, procedures, and check ups to make sure that the furry friends up for adoption are ready to go!

Take Tsutsey, for example! When she came to the Metro Animal Shelter, it became clear that this kitty was going to need some extra care before she looked for her Forever Family. And thanks to FAYMAS and Firgrove Veterinary Clinic, Tsutsey was able to have her dental work done – which resulted in needing 21 teeth pulled!

But Tsutsey has a reason to smile! Because she recently got adopted! Now, not only does she have a Forever Family, but her new family doesn't need to worry about medical expenses when it comes to her dental work.

Instances like this are all part of what FAYMAS does, but we can't do it alone. Helping animals like Tsutsey can only happen thanks to contributions from our members and community alike. Donations from events, our calendars, and even just from generous hearts go towards making animal lives better as they wait for their Forever Family at the Metro Animal Shelter.
