St. Patrick's Day Safety Tips

Happy St. Patrick's Day! Are you wearing green like Squid?

If you're not, don't forget to grab some before you head out to celebrate. But before you do, there are a few other key things you should remember before partying in the name of all things green.

Our pets can be more affected by St. Patrick's Day than you think, and it starts with the parties. From decorations to food, there are a lot of potential items that are poisonous to our furry friends. So with it being Poison Prevention Month, here are some tips from the ASPCA on how to keep your pets safe this St. Patrick's Day:

[Shamrocks and Alcohol: Pet Safety Tips for St. Patrick's Day](#)

Now go out there and have some fun! And don't forget to wear green!

Looking for a way to spread the luck of the Irish? Now's your chance! [DONATE](#) to FAYMAS to help the animals at the Metro Animal Shelter find their Forever Families!
