It's the Year of the Dog!

The Chinese New Year is right around the corner and this year, it's the Year of the Dog!

The Dog is the eleventh animal in the Chinese Zodiac, and like with the rest of the animals, the personalities of the people born in the year of the dog is based off the actual characteristics of a dog! This means that most people born in the Year of the Dog are loyal and are popular in social circles because they are honest and just. Do you know someone like that?

There is also fortune that goes along with each year. They're determined by the element that the year falls in line with and this year, it's the element of Earth. This means the fortune for people born in 2018 is:

"These Dogs are stubborn and never give up. They aren't very connected with the world and society. Though stubborn, they respect other perspectives. They believe that as long as they work hard, they'll make it."
